

CONTENTS

REVIEW

171. Marta Zalewska, Karol Wilk, Halina Milnerowicz      Capillary electrophoresis application in the analysis of anti-cancer drugs impurities.

ANALYSIS

181. Katarzyna Grodowska, Andrzej Parczewski      Simplex optimization of headspace factors for headspace gas chromatography determination of residual solvents in pharmaceutical products.
191. Katarzyna Grodowska, Andrzej Parczewski      Grouping of residual solvents present in pharmaceutical products using experimental planning and chemometric methods.

DRUG BIOCHEMISTRY

205. Magdalena Jurzak, Katarzyna Adamczyk      Influence of genistein on *C-JUN*, *C-FOS* and *FOS-B* of AP-1 subunits expression in skin keranocytes, fibroblasts and keloid fibroblasts cultured *in vitro*.
215. Agnieszka Drożdżik, Robert Kowalczyk, Elżbieta Uraśńska, Mateusz Kurzawski      Expression of nuclear receptors (AhR, PXR, CAR) and transcription factor (Nrf2) in human parotid gland.

DRUG SYNTHESIS

221. Mohammad Asad, Chuan-Wei Oo, Raju Suresh Kumar, Hasnah Osman, Mohamed Ashraf Ali      Synthesis and discovery of new bisadducts derived from heterocyclic aldehydes and active methylene compounds as potent antitubercular agents.
229. Serap Basoglu, Meltem Yolal, Serpil Demirci, Neslihan Demirbas, Hakan Bektas, Sengul Alpay Karaoglu      Design, synthesis and antimicrobial activities of some azole derivatives.
237. Krzysztof Łączkowski      Asymmetric synthesis of novel (1*H*-benzo[d]imidazol-2-ylthio)- and (di-*n*-butylamino-2-ylthio)acetamides.
245. Mariola Krawiecka, Bożena Kuran, Jerzy Kossakowski, Marta Kierzkowska, Grażyna Młynarczyk, Marcin Cieślak, Julia Kaźmierczak-Barańska, Karolina Królewska, Michał A. Dobrowolski      Synthesis and biological activity of novel series of 1,3-benzoxazol-2(3*H*)-one derivatives.

NATURAL DRUGS

255. Emdad Hossain, Debjani Sarkar, Mitali Chatterjee, Saikat Chakraborty, Subhash C. Mandal, Jayanta K. Gupta      Effect of methanol extract of *Bombax malabaricum* on nitric oxide production during inflammation.
261. Khalid Hussain Janbaz, M. Imran Qadir, Asma Jan Anwarul, Hassan Gilani      Spasmolytic, bronchodilator and vasorelaxant activity of methanolic extract of *Tephrosia purpurea*.

PHARMACEUTICAL TECHNOLOGY

271. Marina Bajerová, Jan Muselík, Jan Gajdziok, Ruta Masteiková, Kateřina Dvořáčková      The influence of process variables of preparation of oxycellulose beads on their dissolution profile.
283. Atif Ali, Muhammad Iqbal, Naveed Akhtar, Haji Muhamad Shoaib Khan, Akhtar Rasul, Barkat Ali Khan, Muhammad Tahir Khan      Assessment of xanthan gum based sustained release matrix tablets containing highly water-soluble propranolol HCl.
291. Oya Kerimoğlu, Ebru Keskin, Betül Dortunç, Şela Anah      Matrix type transdermal therapeutic system containing captopril: Formulation optimization, *in vitro* and *ex vivo* characterization.

301. Agnieszka Karbownik, Edyta Szałek, Hanna Urjasz,  
Malwina Kądzioła, Edmund Grześkowiak      Stability of calcium folinate (TEVA) in concentrate after  
reuse and in dilute infusions in 0.9% NaCl in polyethylene bags.

#### PHARMACOLOGY

309. Urszula Cegięła, Ilona Kaczmarczyk-Sedlak, Maria Pytlik,  
Joanna Folwarczna, Barbara Nowińska,  
Justyna Fronczek-Sokół      Alendronate prevents development of the skeletal  
changes induced by azathioprine in rats.
317. Neelesh Malviya, Sanjay Jain, Vipin Bihari Gupta,  
Savita Vyas      Management of drug induced sexual dysfunction in male  
rats by ethyl acetate fraction of onion.
323. Ilona Kaczmarczyk-Sedlak, Lech Sedlak, Igor Rymkiewicz      Thalidomide affects the skeletal system of young rats.

#### GENERAL

333. Petra Matoulková, Martin Doseděl, Barbora Růžková,  
Aleš Kuběna      Information and awareness concerning ibuprofen as an ingredient  
in over the counter analgesics: a questionnaire-based survey of  
residents of retirement communities.
339. Agnieszka Zimmermann      Restrictions on the reimbursement policy with regard to retail  
marketing of medicinal products in Poland.

#### SHORT COMMUNICATION

345. Khalid Hussain Janbaz, M. Imran Qadir,  
Asma Jan Anwarul, Hassan Gilani      Anti-diarrheal activity of methanolic extract of  
*Tephrosia purpurea*.
349. Jadwiga Marczevska, Ewa Drozd, Elżbieta Anuszevska,  
Zdzisław Chilmonczyk, Bożena Łozowicka      Assessment of genotoxic activity of  $\alpha$ -asarone and its  
derivatives in the comet assay.

#### EIGHTH MULTIDISCIPLINARY CONFERENCE ON DRUG RESEARCH

357. Małgorzata Kapral, Joanna Wawszczyk, Andrzej Hollek,  
Ludmiła Węglarz      Induction of the expression of genes encoding TGF- $\beta$  isoforms  
and their receptors by inositol hexaphosphate in human colon  
cancer cells.
365. Alicja Zajdel, Adam Wilczok, Ewa Chodurek,  
Arkadiusz Gruchlik, Zofia Dzierżewicz      Polyunsaturated fatty acids inhibit melanoma cell growth *in vitro*.
371. Marek Wasek, Piotr Wroczyński, Sylwia Sołobodowska,  
Natalia Lal      Analysis of plant-based raw materials of unknown origin.
376. Erratum.
